DETAILED ACTION

1. Applicants' Preliminary Amendment, received 11 February 2005, is acknowledged. Claims 3-6, 8, 9, 11, 12, 14, 16-18, 20, 21, 25, 26, 31, 32, and 35 have been amended.
2. Claims 1-37 are pending.

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

Claims 31 and 32 are drawn to multiple, patentably distinct, special technical features, i.e., DNA and polypeptide. Therefore, claims 31 and 32 have been included in each grouping. However, the group determines to which special technical feature claims 31 and 32 are directed. Upon election, claims 31 and 32 should be amended to recite only the appropriate special technical feature.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claims 1-4, 17-32, and 35-37, drawn to DNA and uses.

Group II, claims 5-16 and 31-34, drawn to polypeptides and uses.

The inventions listed as Groups I-II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: Groups I-II are drawn to functionally and structurally distinct special technical features. The special technical feature of Group I is nucleotide molecule. The special technical feature of Group II is amino acid molecule.

Art Unit: 1645

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Rodney P. Swartz, Ph.D., Art Unit 1645, whose telephone number is (571) 272-0865. The examiner can normally be reached on Monday through Thursday from 5:30 AM to 4:00 PM EST.
